SUMMER

2024

Story, Sensory, Snack

For Ages Pre-K through those entering 4th grade

In this class, we'll dive into a captivating tale, engage in a sensory activity inspired by the story's themes, and top it off with a delicious snack that ties everything together. Get ready for a multi-sensory adventure filled with imagination, exploration, and tasty treats! Who's in for some storytime fun? Min 5/Max 10

Class A: Wed, July 17 Class B: Wed, August 7

9-10am @ Prescott High School

Class Fee: \$10/child/date or \$20/family/date

Instructor: Michele Sailor

These crash courses will teach you some basic chords and get you playing along with your favorite songs. Since this class is being held online with ZOOM, you will be able to sit at home with your piano/guitar and take this class without any pressure at all. And since the class includes an online book and online follow-up video lessons, you will be able to continue your practice and study on your own. An optional periodic online question and answer session, and a recording of the class is included as well. Class limited to 15 students.

Instant Piano

Youth Ages 13+ and Adults

Topics include:

- How chords work in a song
- How to get more out of sheet music by reading less of it
- How to form the three main types of chords
- How to handle different keys and time signatures
- How to avoid "counting"
- How to simplify over 12,000 complex chords

Tues, June 4 6:30-9:30PM

Zoom link will be provided after registration is received

Class Fee: \$69

Instructor: Chords Are Key

Instant Guitar

Youth Ages 13+ and Adults

Topics include:

- How chords work in a song
- How to form the three main types of chords
- How to tune your guitar
- Basic strumming patterns
- How to buy a good guitar (things to avoid)
- How to play along with simple tunes

Wed, June 5 6:30-9PM

Zoom link will be provided after registration is received

Class Fee: \$69

Instructor: Chords Are Key

3D Printing: Harry Potter Youth Entering Grades 2-6

Learn 3D design and modeling skills using Tinkercad while creating a wand -- then create your own magical pendant. Create fun designs to complete different magical CAD challenges. This course will introduce students to using CAD modeling and design software. They'll also do fun Hogwarts-inspired challenges in TinkerCAD's SimLab. Student-designed pendants will be printed and sent home at the end of class. Printing and material fees are included. If printing is not completed in class, prints will be mailed home. **Please bring lunch and a drink.** Min 10/Max 18
