

## PCR TEE – BALL RULES

1. A soft baseball will be used.
2. All players are in the batting order.
3. All players are used defensively at one time.
4. Positions:
  - A parent should play the catching position.
  - Pitcher is placed on the mound.
  - The remaining players will be placed around the infield and outfield areas, with one designated first baseman. Defensive coaches are permitted on the field behind players for instructional purposes (this is encouraged). Coaches are not permitted to touch a live ball.
5. The coach will tee-up the ball for the batter and is permitted (and encouraged) to instruct the batter at home plate. Mid-way through the season, coaches may pitch to the batters. At this point, each player's at bat will consist of **five swings** and then the use of the batting tee (this MUST be enforced or games will become too long and uninteresting for the children).
6. First and third base coaches help runners move from base to base.
7. All games will last approximately 1 hour
8. No base stealing is allowed.
9. There are no strikeouts.
10. There is no infield fly rule.
11. An offensive inning consists of one time around the batting order regardless of the number of outs made by the defensive team.
12. Scores will not be kept

\*\*\* As always coaches are encouraged to work through changes together to give the kids the best experience possible.
